Breeze

COMMERCIAL AUTO RATER

We are confident that Breeze will provide a delightful online rating experience that is timely and broad in product offering. Try the Breeze Auto Rater today!

WHY BREEZE?

- Breeze combines ease of use, accurate pricing, and clear business classifications for over 325 auto classes
- Instant price indications for most 1-10 power unit risks
- We have eliminated many of the vehicle usage questions to simplify the process
- MVRs are run during the quoting process, providing accurate pricing
  (Please note that MVRs are not automatically pulled in AK, CA and WA)
- Breeze users will know when their risk has not had a match on the Insurance Score
- Online Bind Eligibility is available for many classes*, including dump trucks, towing, logging, couriers, contractor's autos, salesperson's autos, security patrol vehicles, driver training autos, wholesale/manufacturing, mobile concessions, taxis, lawn & tree services, and a variety of miscellaneous PPT autos.
- Add and bind GL online! We offer Truckers GL on for-hire transportation risks with no additional operations.
  If the insured operates a quarry, stores items in a warehouse, runs an auto dealership or conducts any other operations besides for-hire hauling, BHHC is not a Truckers GL market.

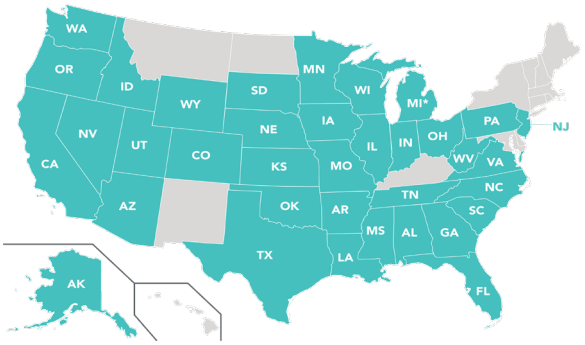
WEBINAR TRAINING

Breeze Webinar training will be conducted on a regularly scheduled basis following our initial release. Please note our "Training Request" section on the home page of the agency portal, after logging in to bhhc.com.

QUESTIONS OR FEEDBACK?

For customer service questions relating to Breeze, please contact PC Client Services at 833.936.1350. Please email comments to breezefeedback@bhhomestate.com.

STATE AVAILABILITY



**Bind eligibility can vary based on individual risk characteristics. Risks domiciled in Alabama or Louisiana are not eligible. BHHC may require additional documentation post-bind.*
