

# Breeze

## COMMERCIAL AUTO RATER

We are confident that Breeze will provide a delightful online rating experience that is timely and broad in product offering. Try the Breeze Auto Rater today!

### WHY BREEZE?

- Breeze combines ease of use, accurate pricing, and clear business classifications for over 325 auto classes
- Instant price indications for most 1-10 power unit risks
- We have eliminated many of the vehicle usage questions to simplify the process
- MVRs are run during the quoting process, providing accurate pricing *(Please note that MVRs are not automatically pulled in AK, CA and WA)*
- Breeze users will know when their risk has not had a match on the Insurance Score
- Online Bind Eligibility is available for many classes\*, including dump trucks, towing, logging, couriers, contractor's autos, salesperson's autos, security patrol vehicles, driver training autos, wholesale/manufacturing, mobile concessions, taxis, lawn & tree services, and a variety of miscellaneous PPT autos.

*\*Bind eligibility can vary based on individual risk characteristics. Accounts with federal filings, more than 5 power units, or risks domiciled in Alabama or Louisiana are not eligible. BHHC may require additional documentation post-bind.*

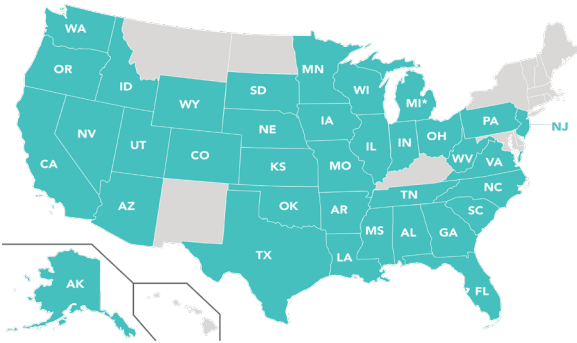

### WEBINAR TRAINING

Breeze Webinar training will be conducted on a regularly scheduled basis following our initial release. Please note our "Training Request" section on the home page of the agency portal, after logging in to [bhhc.com](http://bhhc.com).
