Virginia state law recommends employers report every industrial injury or occupational disease claim to their workers compensation carrier as soon as possible or within 5 days of employer knowledge of injury.

State law also requires that employers authorize initial medical treatment within 24 hours of knowledge that an occupational injury of illness has been sustained or reported, regardless of the legitimacy of the claim. Failure to comply may result in the loss of "medical control" and a significant increase in the potential claim cost.

We will attempt to contact you and the injured worker within 24 hours of receiving the First Report of Injury. Your cooperation in allowing the injured employee to speak with one of our Claims Professionals is appreciated.

Should you have any questions regarding the contents of this kit, a claim, or claim reporting, please contact our Customer Care Center at (888) 495-8949. Questions regarding your insurance policy or coverage should be directed to your broker or agent. We thank you for choosing BHHC as your workers compensation carrier and look forward to providing you superior customer service and compassionate care for your injured workers.

WORKERS' COMPENSATION NOTICE

The employees of this business are covered by the Virginia Workers' Compensation Act. In case of injury by accident or notice of an occupational disease:

THE EMPLOYEE SHOULD:

1. Immediately give notice to the employer, in writing, of the injury or occupational disease and the date of accident or notice of the occupational disease.

2. Promptly give to the employer and to the Virginia Workers' Compensation Commission notice of any claim for compensation for the period of disability beyond the seventh day after the accident. In case of fatal injuries, notice must be given by one or more dependents of the deceased or by a person in their behalf.

3. In case of failure to reach an agreement with the employer in regard to compensation under the act, file application with the Commission for a hearing within two years of the date of accidental injury or first communication of the diagnosis of an occupational disease.

4. If medical treatment is anticipated for more than two years from the date of the accident and no award has been entered, the employee should file a claim with the Commission within two years from the date of the accident.

NOTE: The employer's report of accident is not the filing of a claim for the employee. The voluntary payment of wages or compensation during disability, or of medical expenses, does not affect the running of the time limitation for filing claims. An award based on a voluntary agreement must be entered or a claim filed within two years; one year in death cases.

THE EMPLOYER SHOULD:

1. At the time of the accident, give the employee the names of at least three physicians from which the employee may select the treating physician.

2. Report the injury to the Commission through your carrier or directly to the Commission.

3. Accurately determine the employee's average weekly wage, including overtime, meals, uniforms, etc.

Questions may be answered by contacting the Commission. A booklet explaining the Workers' Compensation Act is available without cost from:

FILING INSTRUCTIONS

Wage Chart
VWC Form No. 7A

How to complete the Wage Chart:

- Indicate gross weekly earnings for the 52 weekly periods immediately **preceding** the date of accident.

- Note that these earnings are GROSS earnings and include overtime and tips, before any deductions are made for taxes or Social Security. If there were any perquisites, please list the TOTAL value separately at the bottom of the chart.

- If an injured employee lost more than seven consecutive calendar days, although not in the same week, these periods should be noted on the Wage Chart (VWC Form No. 7-A) using an asterisk in the Week No. column and are not to be counted in the calculations. Va. Code § 65.2-101.

- If injured employee has worked less than 12 months, the earnings for the time worked should be used. The earnings for a similar employee may be used if the employee has worked less than 60 days.

How to calculate the Wage Chart:

- If a full year's wage information **has been** provided covering the 52 week period prior to the date of accident:

  - determine the total wages earned, including yearly perquisites;
  - divide the total wages earned for this period by 52;
  - the sum will be the average weekly wage.

- If a full year's wage information **has not been** provided covering the 52 week period prior to the date of accident:

  - determine the total wages earned, including yearly perquisites;
  - divide the total wages earned by the number of weeks wages were earned (Note: if warranted, the weeks can be converted into days and calculated on that basis);
  - the sum will be the average weekly wage.

- If the form is completed on a **bi-weekly basis:**

  - determine the total wages earned, including yearly perquisites;
  - divide the total wages earned by the number of weeks worked (employee paid 26 times a year represents 52 weeks of wages);
  - the sum will be the average weekly wage.

- Samples of properly completed wage chart(s) are available through the Commission's Website at www.workcomp.virginia.gov under the forms menu.

- For questions or assistance with completing this form, please contact the Commission's Toll-Free number at 877-664-2566.

Virginia Medical Provider Panels

Employees who have suffered a compensable injury are entitled to receive medical treatment at no cost to the employee for as long as required by the authorized treating physician. As medical treatment is the most costly item in the life of a claim, it is important to insure that a reputable doctor is treating the injured employee from the onset of injury. Since the authorized treating physician directs the course of treatment, selection of the authorized treating physician is arguably the most important first step in the life of a claim.

As the employer, you are able to maintain medical control by providing the injured employee, upon notice of injury, with an initial panel of at least three physicians. For your convenience we have provided a blank *Panel and Claimant's Choice of Physician Form* for your company.

CREATING YOUR PANEL

It is recommended that your panel be comprised of urgent care physicians for initial treatment and that your panel is in place prior to any injury. When creating your panel, it is important to list actual physicians, not merely clinics, and to confirm that the physicians listed accept workers' compensation patients and are still in practice otherwise the panel could be defective. Failure to provide the injured employee with a valid panel permits the injured worker to have their choice of any physician. Upon reporting the claim to the carrier, the assigned adjuster will evaluate the need for any further panels and subsequently create any additional panels.

WHEN TO PROVIDE THE PANEL

Upon the report of an injury you should provide the injured employee with a complete panel of physicians so they may select one doctor from the panel. It is recommended that the injured employee sign the panel document indicating which physician was selected by the injured employee. The doctor chosen by the employee will become the authorized treating physician and will provide medical treatment.

Providing a panel assures the employer that the authorized treating physician is one that is reputable and trusted. In emergency situations it is recommended to send the injured worker to the emergency room and provide the panel when the employee is stabilized.

PANEL CREATION TIPS

- Have your panel in place prior to any injury.
- List urgent care physicians for initial treatment.
- List actual physicians, not merely clinics.
- Confirm that the physicians listed accept workers' compensation patients.
- Confirm that the physicians listed are still in practice.
- Assigned adjuster will provide any necessary additional panels.

PANEL UTILIZATION TIPS

- Provide the panel immediately upon report of injury
- Have the Employee sign the panel document indicating which physician was selected
