Dear Policyholder:

Thank you for placing your workers compensation coverage with Berkshire Hathaway Homestate Companies (BHHC). We look forward to working with you to fulfill all your workers compensation needs.

Enclosed you will find documentation necessary for the processing and administration of a claim in the event of a workplace injury, as well as important information regarding workers compensation requirements for your state (i.e. posting notices, compliance laws, etc). Please utilize the documents included to collect valid information regarding the injured employee and incident, and send the documents in when reporting the claim or upon request. Any completed document should be sent directly to BHHC using mail, e-mail, or fax. The assigned claims professional will forward necessary documentation onto the appropriate state entity.

It is critical that you promptly report all new claims using one of the contact methods listed to the right.

Wisconsin state law recommends employers report every industrial injury or occupational disease claim to their workers compensation carrier as soon as possible or within 5 days of employer knowledge of injury.

State law also requires that employers authorize initial medical treatment within 24 hours of knowledge that an occupational injury of illness has been sustained or reported, regardless of the legitimacy of the claim. Failure to comply may result in the loss of “medical control” and a significant increase in the potential claim cost.

We will attempt to contact you and the injured worker within 24 hours of receiving the First Report of Injury. Your cooperation in allowing the injured employee to speak with one of our Claims Professionals is appreciated.

Should you have any questions regarding the contents of this kit, a claim, or claim reporting, please contact our Customer Care Center at (888) 495-8949. Questions regarding your insurance policy or coverage should be directed to your broker or agent. We thank you for choosing BHHC as your workers compensation carrier and look forward to providing you superior customer service and compassionate care for your injured workers.

For any work injury resulting in a **fatality**, the employer must also submit this form directly to the Department of Workforce Development **within 24 hours of the fatality**.

Instructions for Completing the Wage Information Supplement, Form WKC-13-A

These instructions will help you complete the WKC-13-A and compute the TTD rate correctly. If more help is needed, please contact a wage specialist at (608) 266-1340 or send an e-mail to **wcpendrpt@dwd.wisconsin.gov.** Section DWD 80.02(2)(c) of the Wis. Admin. Code requires insurers, including self-insured employers, to submit this form within 30 days after the injury. It must be submitted for every claim where the TTD rate is less than the maximum rate for the year the injury occurred. For a reference to the maximum rates, see our website at: **https://dwd.wisconsin.gov/dwd/publications/wc/WKC-9572-P.pdf**

Section 1a- Hourly Rate at Time of Injury: Enter the standard base rate at the time of injury. Include in the hourly rate any additional hourly amounts which the employee received at the time of injury, e.g., shift differentials. For employees receiving time-and-a-half, enter the standard base rate, not time and a half rate. If this employee did not have an hourly rate but had a weekly, bi-weekly or monthly salary and has scheduled hours of work, divide the salary by the number of hours worked in the pay period to arrive at the hourly rate. If an employee is paid solely by commission or by mileage or some other method where scheduled hours are not used, the TTD rate will be based only on gross earnings. In such a case, enter "NA" in Section 1 and go on to Section 2. For employees paid on a piece work basis, compute the hourly piece work rate by dividing the earnings from piece work by the number of hours actually worked while on piece rate. Exclude time and a half earnings and hours in this computation. Use the piece rate amount only if the resulting rate is higher than the standard hourly rate. If the employee received tips, compute the additional hourly amount of tips. Enter that amount next to **"tip rate"** and add the hourly tip rate to the standard hourly rate to get the "standard base rate plus tips". Compute the tip rate by dividing total tip earnings (only the earnings received in tips) by total hours actually worked on a tip basis. The total hourly rate must be at least the legal minimum hourly wage.

Section 1b- Hours Per Week: Enter the normal number of hours scheduled (regular fixed schedule) at the time of injury). Include the number of hours the employee is paid at the time and a half rate. If the employee does not have regular scheduled hours, enter the number of hours which full-time employees normally work for the employer in this occupation. Include scheduled hours paid at a time-and-a-half rate in the number of "normally scheduled hours". If scheduled hours vary by more than 5 hours from week to week during the 90-day period immediately preceding the injury, use the number of hours that is normal for full time employees for this occupation. Check the box "Actually Worked" in Section 1b and enter the hours actually worked if the hourly rate in Section 1a is piece rate or includes tips. Check the "seasonal" box with **44** hours entered for employees who meet the definition of **"seasonal"** employees in s.102.11(1)(b) Wis. Stats. Seasonal employment cannot exceed 14 weeks. For part time employees, follow the instructions in Section 4.

Section 1c- Base Weekly Rate: Multiply the hourly rate in Section 1a times the hours used in Section 1b. For employees who worked a time and a half schedule at the time of injury and at least 13 consecutive weeks immediately prior to the injury, use the following formula: multiply the standard rate times the normal scheduled hours excluding those hours paid at the time-and-a-half rate; then multiply the time and a half rate times the time and a half hours, and add the two results to get the Base Weekly Rate.

Sections 1d & 1e- Hourly Wages/Additions to Base Average Weekly Wages and Average Weekly Earnings: Enter here and in Section 2d (except for tips) the weekly value of any other type of compensation the employee received, as shown in Section 3.

Section 2a-e Gross Wages and Average Weekly Earnings Enter the gross wages and the number of weeks the employee worked on that job (same type of work) in the 52-week period prior to the date of injury. When counting weeks for Section 2b, do not Include the week of injury in the 52-week period. Count partial weeks as whole weeks. Include tips and additions to wages from Section 3 in section 2e. For employees who worked less than 6 weeks, TTD will be determined solely by the hourly rate in Section 1 or, if the employee does not have an hourly rate, by wages paid in a "same or similar" occupation. Enter "same or similar" wages in Section 2e and skip 2a, 2c and 2d. Complete the computations in Sections 2c, d and e for all others.

Section 3- Additions to Cash Wages: Enter the weekly value of any additional compensation paid to the employee. This value is added to the computations in Sections 1 and 2. The standard value of **"meals"** and **"room"** is set in Wis. Admin. Code DWD 80.29 and DWD 272. The value of all other items is set by common marketplace value to the employee.

Section 4- Part-Time Employment: Complete this Section for all workers at less than the maximum TTD rate if they were scheduled to work less than 35 hours per week at the time of injury.

Part of Class Determination: Complete this part before choosing and checking the applicable Section 4a, 4b or 4c. If the employee's regular work schedule varies by more than 5 hours per week during the 90-day period immediately preceding the injury, always consider the employee as "not part of class". Choose Section 4a, 4b or 4c that applies to the employee before doing the computations in Sections 1 or 2 to set the wage for the employee. If you check Section 4b, you will need to check the box in Section 1b "expand to normal full-time" and enter the number of normal full-time hours there for this occupation. Use the number of hours that are normally considered as full-time for that employer for that occupation to compute the wage.
Self Restriction: An employee "self restricts" employment if he/she limits his/her availability on the labor market to part-time work only and was not employed elsewhere. If you indicate that the worker self-restricts in Section 4c and wages are set at 100%, you must attach a copy of a self-restriction statement signed by the employee, stating the limitation to part-time and that he/she was not working elsewhere at the time of injury. A sample statement can be found at **https://dwd.wisconsin.gov/dwd/forms/WKC/wkc-12698-e.htm**

Section 5-- Wage and Rate Computation: Enter the wage used to compute the TTD rate (the higher amount from Section 1e or 2e). The rate in Section 5c is computed by multiplying the wage by either 66.67% or by 100% (see Section 4c).
Exception to using 100% in Sections 4c and 5b: If using 100% in Section 4c exceeds 66.67% of the wages of a full-time employee doing this job, use 66.67% of wages (higher of 1e or 2e) after expanding the hours in Section 1b to full-time.
Exception Note: If this employee's employment situation is unique and you cannot use the computation formulas in Sections 1 and 2, indicate the wage and TTD rate in Section 5, and attach an explanation of how you computed the wage and TTD rate to this request.

By law, all health care providers must provide to any employee, employer, worker's compensation insurer or their representative any information reasonably related to any alleged work injury. However, determining the relationship of prior medical records to a work injury can be difficult and time-consuming. Therefore, to assist in the timely investigation of your claim, this document authorizes the health care provider to release medical information without attempting to determine the extent of its relationship to your alleged work injury.

You are not required to sign this document. You may refuse to sign this document without jeopardizing your right to collect worker's compensation benefits. However, by assisting in the investigation of your claim, you are likely to receive benefits quicker than if you refuse to authorize the release of medical information.

Según la ley, todos los proveedores de atención médica deben proporcionarle a todo empleado, empleador, asegurador de compensación de trabajadores o sus representantes cualquier tipo de información razonablemente relacionada con cualquier tipo de lesión laboral que se haya alegado. Sin embargo, determinar la relación de las fichas médicas anteriores con una lesión laboral puede ser difícil y llevar tiempo. Por consiguiente, para ayudar a que se lleve a cabo la investigación de su reclamo de manera oportuna, este documento autoriza que el proveedor de atención médica divulgue información médica sin intentar determinar la medida en que se relaciona con la lesión laboral que se ha alegado en su caso.

No se le requiere que firme este documento. Puede rehusarse a firmar este documento sin poner en peligro su derecho de cobrar beneficios de compensación de trabajadores. Sin embargo, al ayudar en la investigación de su reclamo, es probable que reciba beneficios con mayor rapidez que si se rehúsa a autorizar la divulgación de información médica.
