Dear Policyholder,

Thank you for placing your workers compensation coverage with Berkshire Hathaway Homestate Companies (BHHC). We look forward to working with you to fulfill all your workers compensation needs.

Enclosed you will find documentation necessary for the processing and administration of a claim in the event of a workplace injury, as well as important information regarding workers compensation requirements for your state (i.e. posting notices, compliance laws, etc). Please utilize the documents included to collect valid information regarding the injured employee and incident, and send the documents in when reporting the claim or upon request. Any completed document should be sent directly to BHHC using mail, e-mail, or fax. The assigned claims professional will forward necessary documentation onto the appropriate state entity.

It is critical that you promptly report all new claims using one of the contact methods listed to the right.

Pennsylvania state law recommends employers report every industrial injury or occupational disease claim to their workers compensation carrier as soon as possible or within five days of employer knowledge of injury.

State law also requires that employers authorize initial medical treatment within 24 hours of knowledge that an occupational injury of illness has been sustained or reported, regardless of the legitimacy of the claim. Failure to comply may result in the loss of “medical control” and a significant increase in the potential claim cost.

We will attempt to contact you and the injured worker within 24 hours of receiving the First Report of Injury. Your cooperation in allowing the injured employee to speak with one of our Claims Professionals is appreciated.

Should you have any questions regarding the contents of this kit, a claim, or claim reporting, please contact our Customer Care Center at (888) 495-8949. Questions regarding your insurance policy or coverage should be directed to your broker or agent. We thank you for choosing BHHC as your workers compensation carrier and look forward to providing you superior customer service and compassionate care for your injured workers.

Notice: Medical Treatment For Your Work Injury Or Occupational Illness

Your employer has selected a list of six or more physicians and other health care providers who are available to treat your work-related injuries and illnesses during the first 90 days of treatment. This list is posted below for you to review. Also, you may get a copy of this list from _____.

If you are injured at work or suffer an occupational illness, you have certain legal RIGHTS and DUTIES under Section 306(f.1)(1)(i) of the Workers' Compensation Act regarding your medical treatment. These rights and duties are summarized below.

Medical Treatment: During The First 90 Days

- You have the RIGHT to receive reasonable and necessary medical treatment for your work injury or occupational illness. Your employer must pay for the treatment, as long as the treatment is by one of the listed providers.
- If a listed provider prescribes surgery for you, you have the RIGHT to receive a second opinion from any provider of your choice. If that opinion is different from the opinion of the listed provider, you have the RIGHT to choose which course of treatment to follow. If you choose the treatment prescribed in the second opinion, you must receive the treatment from a listed provider for a period of 90 days after the date of your visit to the provider of the second opinion.
- You have the RIGHT to choose which of the listed providers will treat you for your work injury or illness.
- You have the DUTY to visit one or more of the listed providers for the first 90 days of treatment for your work injury of illness if you expect your employer to pay for the medical treatment you receive.
- You have the RIGHT to switch among any of the listed providers when you receive treatment; and if a listed provider refers you to a provider not on your employer's list, you have the RIGHT to receive treatment from the referral provider.
- If you seek treatment for your work injury of illness from a provider who is not on the list, your employer may not have to pay for this medical treatment during this 90-day period. Therefore, you should talk to your employer before seeking treatment from a provider who is not on the list.
- If a listed provider prescribes surgery for you, you have the RIGHT to receive a second opinion from any provider

Important

The requirements your employer must meet to have a valid list of at least six providers are shown on the reverse side of this form. If the list does not meet these requirements, it is not a valid list, and you have the right to seek medical treatment for your work injury or occupational illness from any health care provider of your choice.

Medical Treatment: After The First 90 Days

- You have the RIGHT to receive treatment from any physician or other health care provider of your choice, whether or not they are listed by your employer. Your employer must pay for this treatment as long as it is reasonable and necessary for your work injury or occupational illness and has been properly documented by the physician or other health care provider.
- You have the DUTY to notify your employer if you receive treatment from a physician or other health care provider who is not listed by your employer. You must notify your employer within five days of the first visit to any provider who is not on your employer's list. The employer may not be required to pay for the treatment received until you have given this notice.

Pennsylvania Medical Provider Panels

Treating physicians can have a significant impact on a claim's medical cost. A key component to controlling these costs and reaching a satisfactory resolution of a claim for all parties involved is ensuring that the claimant receives quality medical care from a competent physician. In the state of Pennsylvania, employers have a single option, in the form of provider panels, for asserting some influence on the selection of the treating physician. Pursuant to PA WC Act § 306(f.1) and 34 Pa. Code § 127.751(a), excluding denied claims and emergencies, the establishment and maintenance of a valid medical provider panel may limit an injured worker's initial physician choice to medical providers designated within the panel for the first 90 days of treatment. The first 90 days of a claim is a crucial period in the life of a claim which may set the tone for the remaining days of a claim. Please note, the failure to authorize initial medical treatment upon notice of an employee's work injury may result in a waiver of panel rights.

This document contains a summary of the essential elements for the creation and maintenance of an enforceable medical provider panel.

Medical Provider Panel Requirements

Notice to Workers

The law requires employers to provide notice of their medical provider panel to all employees. Notice should be given prior to and upon knowledge of an employee's work injury.

Posting

Employers are required to post the panel listing in prominent and readily accessible places at all business locations and work sites. Each panel must include required notices contained within 34 Pa. Code § 127.755(b). Our Medical Provider Panels Poster may be used to comply with the requirements.

POST REQUIREMENTS

- Print on legal sized paper (8.5" x 14")
- Must be posted in the areas used for the treatment or administration of first aid to injured employees

Acknowledgement Form

The use of an acknowledgment form to be signed by all employees to show that they have been notified of the panel and its use is also required. Employees must receive the acknowledgment form at the time of hire and upon notice of accident or injury. Our Medical Provider Panels Poster contains an area to obtain an employee's signature and acknowledgment.

Number of Providers

A panel must include a minimum of at least six health care providers within a reasonable distance.

Healthcare Provider Characteristics

- No more than four providers may be affiliated or within a coordinated care organization.
  - Coordinated care organizations only count as one of the provider choices
- At least three physicians must be included.
  - Specialty Recommendations: orthopedics, neurology, general surgeon, occupational medicine, and ophthalmology.

Can I add a physician that is employed by the company I work for?

Physicians and providers that are employed by, owned, or controlled by the employer may not be used unless such employment, ownership, or control is disclosed.

Panel Period

In general, a valid and enforceable panel restricts a claimant's provider choice to one or more health care providers within a panel for up to 90 days from the of the first visit for the treatment of the work injury or illness.

Panel Maintenance

To guarantee panel validity over time, routine maintenance is recommended. Every six months to a year, each physician or provider on a panel should be contacted to confirm that their contact information is up-to-date and that they are still accepting and treating workers' compensation patients.

Physician Selection And Changes

Excluding denied claims and emergencies, an injured worker is required to select the authorized treating physician from the panel list. Obtain the injured worker's initial selection in writing. Our Treating Physician Designation Form may be used for this purpose.

Please note, exceptions may apply if a physician prescribes a surgical procedure. Please refer to the Medical Provider Panels Poster document for more information.

Injured workers have the right to change to another provider listed on the panel without prior approval.

Claim Procedures

All work accidents and injuries must be reported to us as soon as possible so that we are able to begin the claim investigation promptly. Please have the injured worker complete our Pennsylvania Employee Accident Report.

When reporting the claim, please make sure to provide a copy of your posted physician panel and a copy of the injured worker's signed panel acknowledgment. This allows the Claims Professional to enforce panel use.
